This child was omitted from Dr. Rodwell's payroll and added at the end of the roll. She should be enrolled with Maish-kah-nay-ge-shig-oke, No 578 of present census, being a child of that family.

640 Shares (572 1/2 should have been 573 with correction of one to add at end)
 641 Shares (corrected) - No. 76 1/2 + No. 34 1/2 make 642 shares but No. 259 is a mistake which reduces shares to 641.

Further correction on pay roll show 640 shares!

The following fractional numbers were added to the roll.

25-1/2, 53-1/2, 110-1/2, 173-1/2, 222-1/2, 373-1/2, 374-1/2, 467-1/2
519-1/2, 519-1/4. Of these fractional numbers, numbers 373-1/2 and
374-1/2 were dropped from the roll for reasons which are explained in
the remarks column opposite the respective half numbers.

Numbers 177 and 188 were found to be Indians belonging to other
Bands of Chippewas, hence were dropped from this roll.

Numbers 404, 505 and 584 were found to be dead and to have
received payment since death consequently these also were dropped from
the roll.

In all seven were dropped from the roll as made, also in making
the roll numbers 239 and 240 were omitted through typographical error,
but no Indians were omitted by this error.

This roll corrected leaves 637 to be paid.

In addition to the above the following were found while making
the annuity payment and should be added to the roll, but were not
paid at the time of making the annuity payment of 1909.

CENSUS
OF BOIS FORT BAND OF CHIPPEWAS INDIANS OF
MINNESOTA
BY

ALBERT B. REAGAN, SUPT. & SPEC. DISB. AGENT.

OCTOBER 30, 1910.

Nett

DEPARTMENT OF THE INTERIOR

U.S. INDIAN SERVICE.

Nett Lake School, Nett Lake, Minn., Nov. 2, 1910.

The Honorable

The Commissioner of Indian Affairs,
Washington, D.C.

Sir:

Herewith I am transmitting you the census of the Bois Fort Indians taken by calling the Chiefs at the time of the rice picking and having them give me the Indians of their respective bands as best they knew. It is a sort of a guess but the best census I could get under the circumstances on account of the shortage of funds. Many Indians were not here and have never been seen by myself. Furthermore, several segregations of Indians were never represented here during the rice picking.

The being compelled to wait until the rice season to take the census on account of a shortage of funds accounts for this census being so delayed in taking and in transmitting of this copy to ~~this Office~~ Your Office. The census contains 620 whole numbers and 7 fractional numbers. Making a total of 627. Of these several will not draw annuity payment here as is noted opposite their names and for the reasons there stated. 7 in all. 15 others whose application is transmitted with this mail will require the decision of Your Office before they can be paid.

Respectfully,

Albert B. Reagan

Supt. & Spec. Dist. Agent.

Bois Fort Indians

Nett Lake, Minn., July 26, 1912.
Commissioner of Indian Affairs,
Washington, D.C.

Sir:

I am herewith transmitting you the census of the Bois Fort Indians, taken June 30, 1912.

The Census contains 644 whole numbers and two fractional numbers, Nos. 27 $\frac{1}{2}$ and 169 $\frac{1}{2}$, making a total of 646 persons on the Census roll.

Of these several will not draw annuity here for the reasons placed opposite their names, namely, - 273, 434, 394, 602 & 603 -- they draw pay elsewhere. 233, 234, 235 have had their joining the tribe rejected by the Indian council. 387, 388, 390, 391 have not been enrolled because they are children of a white father and fall under Reg. 1904, Sec. 324, Paragraph 4, as amended 4/1-1905. This leaves 434 for whom annuity should be allowed. And again allowing for 12 births before the payment can be made, annuity should be allowed for 646 Bois Fort Indians.

Further summary of the Census.

Population June 30, 1912.

Bois Fort Indians

Nett Lake, Minn., July 26, 1912.
Commissioner of Indian Affairs,
Washington, D.C.

Sir:

I am herewith transmitting you the census of the Bois Fort Indians, taken June 30, 1912.

The Census contains 644 whole numbers and two fractional numbers, Nos. 27½ and 169½, making a total of 646 persons on the Census roll.

Of these several will not draw annuity here for the reasons placed opposite their names, namely, - 273, 434, 394, 602 & 603 -- they draw pay elsewhere. 233, 234, 235 have had their joining the tribe rejected by the Indian council. 387, 388, 390, 391 have not been enrolled because they are children of a white father and fall under Reg. 1904, Sec. 324, Paragraph 4, as amended 4/1-1905. This leaves 434 for whom annuity should be allowed. And again allowing for 12 births before the payment can be made, annuity should be allowed for 646 Bois Fort Indians.

Further summary of the Census.

Population June 30, 1912.

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

Nett Lake, Minn., July 15-1913. JUL 22 1913
Commissioner of Indian Affairs,
Washington, D.C.

Sir:

I am here handing you a census of the Vermillion Lake Indians. This includes Indians who are about Tower and the Vermillion Lake School occasionally during the year; but not a third of them live on the Vermillion Lake School Reserve. Some live at Tower, some, ~~live at Brimson~~ live at Brimson the greater part of the year, some even live in Canada. They could be rated at Fort Frances, Ontario, on just as good grounds as at the Vermillion Lake Reserve.

This census will not be used as a basis for annuity payment. All the Bois Fort Indians will be rated together for that and you will be advised of the number as soon as an annuity roll can be made.

This census is copied from the Bois Fort Census and the first numbers given are the Bois Fort Census numbers as the respective Indians appear on that census. The next numbers are the respective numbers of that certain Indian on the Vermillion Lake Census.

Respectfully,

Albert B. Bogan
Supt. & Special Disp. Agt.

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

Nett Lake, Minn., June 30th, 1914.

Commissioner of Indian Affairs,

Washington, D. C.

Sir:

I am here handing you the Census Roll of the Vermillion Lake Indians of the Bois Fort Band. This includes Indians who are about Tower and the Vermillion Lake School occasionally during the year, but not a third of them live on the Vermillion Lake School Reserve. Some live at Tower; some live at Brimson the greater part of the year; some even live in Canada. They could be rated at Fort Frances, Ontario, on just as good grounds as at the Vermillion Lake Reserve.

This Census will not be used as a basis for annuity payment. All the Bois Fort Indians will be rated together for that, and you will be advised of the number as soon as an annuity roll can be made.

This Census is copied from the Bois Fort Census, and the first numbers given are the present and old numbers according to the Vermillion Lake Census, and the third column is devoted to the numbers as they appear on the Bois Fort Census this year - 1914.

Respectfully submitted,

Albert B. Wagoner

Supt. & Special Disb. Agent.
